

One of the most important parts of our business, is protecting yours. Here's how.

A busy warehouse, plant, or distribution center can pose a real challenge when it comes to safety. That's why SPG makes Jarke protective rail systems that are designed to withstand the hazards of the workplace—to help make certain that your employees, equipment, and inventory can do the same.

Our Steel Sentry® brand has helped set the standard for quality and durability in the industry. The Jarke line of protective rails includes:

- Guardrails
- Corrugated guardrails
- Handrails
- Bollards
- Post protectors
- Corner guards
- Guards for machinery and overhead doors

To help you create the safest possible work environment, the Jarke line includes features designed to increase their versatility while meeting the unique design needs of your facilities.

- Guardrails come in either all-welded construction or as a bolt-together system that offers greater access for servicing machinery and equipment
- Rail systems come in different sizes to handle a wide array of applications
- System components coordinate with each other to let you design a customized protection system

Expect More...

Jarke systems from SPG make it easy for you to create secure, protected spaces within your facilities. From the loading dock to the warehouse...from the factory floor up to the mezzanines and walkways...Jarke protective rail systems can help safeguard your operations and your future.

Steel Sentry® Protective Rail Systems

The Jarke line of guardrails, handrails, bollards and guards will help protect valuable equipment and workers from hazards in the workplace. We have two versions of guardrail, either all welded or a bolt together system which allows for lift out access for servicing machinery or equipment.

Guardrail Bolted

- Standard rails are 11ga steel, corrugated rails are 12ga steel
- Create a barrier wall or complete surround
- Single or Double rail system
- Removable rails offer access to machinery for repairs
- High visibility yellow
- Parts can easily be replaced if damaged

Rails bolt in place for added strength

Posts are 4" square 7ga steel

Ships KD (knocked down)

Warranty & Product Suitability

Statement

SPG has made a continuous commitment to quality and service. The content of this catalog reflects the years of experience we have in storage technology. All products shown have practical application potential that will increase your storage and handling of virtually any product.

If none of our standard racks or material handling equipment will solve your unique problem, SPG engineers will study your needs and design a variation to these standards or special equipment to meet your specific requirements. The system we recommend will minimize handling and promote flow through your facility. Behind all the factors considered in design and testing, we have but one simple goal: to make products for people and products pursuant to guidelines established by ANSI (American National Standard Institute), UBC (Uniform Building Code) and RMI (Rack Manufacturers Institute).

Product Suitability

Many states and localities have individual codes and regulations governing sales, construction, installation, and/or use of products for certain purposes, which may vary from those in neighboring areas. SPG cannot guarantee compliance, and can not be responsible for how the product is installed or used. Before purchase and use of a product, please review the product application, and the national and local codes and regulations. Be sure that the product, installation and use will comply with them.

Warranty / Limited Liability

The SPG products are fully warranted for one year against defects in design, material and workmanship under normal use except for collision, overloading or improper installation. All products must be installed in accordance with written instructions provided by SPG. Your exclusive remedy and our only liability arising out of any sale shall be the replacement or repair of the goods or refund of the purchase price paid by the buyer, whichever such remedy we select. Any replacement, repair or return must have written authorization before any action is taken. If we elect to repay the purchase price, a written authorization will be issued and the goods must be returned immediately. Any exception to this policy must be agreed to in writing by an officer of SPG.

Terms & Conditions

Terms & Credit

NET 30 days. All prices are F.O.B. Factory. All purchases are subject to a credit review. Credit review may delay production and/or shipping schedules.

Freight and Routing

All shipments are F.O.B. factory. When a carrier has not been specified, we will route shipment in the best way. With prepaid third party shipments, the third party's discount will apply. Customer pick-ups must be made within three days of notification of completion.

Returns

It is the responsibility of the consignee or his representative to check shipments against the bill of lading or packing list. If damaged or short, indicate on the delivery receipt the extent of the shortage or damage. A claim for damage or shortage cannot be processed if the delivery receipt is signed without exception. Stock product can be returned within 30 days when authorized in writing by SPG products and return freight charges are prepaid. There will be a 25% restocking charge. Made-to order and used products cannot be returned.

Cancellation

SPG reserves the right to apply reasonable charges for material and labor performed prior to the cancellation of any order. A formal acknowledgement of these charges will be sent by SPG after notice of cancellation is received.

Minimum Order Quantity

Stock items can be ordered in any quantity, \$25 minimum. Orders for made-to-order items in quantities less than the minimum quantity shown in this price list will be subject to an additional set-up charge based on type of equipment. Call factory for setup charges.

Delivery

Stock items can usually be shipped within 2 weeks. Delivery of made-to-order and non-stock items will be scheduled based on receipt of order and/or approved drawings, when applicable.
